Questions on the Day of Conference?
From 9 am - 5 pm, we will be available at our Virtual Information Booth [Link](https://ucdavis.zoom.us/j/99291800946)
Welcome to the 2021 UC Davis Virtual Pre-Health Conference!

Attending the Virtual Pre-Health Exhibitor Fair

The Pre-Health Fair will run from 9:00 AM to 12:30 PM PDT. You will find the list of schools/organizations that are exhibiting with their respected links on pages 7 - 16. The categories of health professions and institutions/organizations are alphabetized.

You are welcome to attend the Virtual Pre-Health Fair at any time during the given hours. Always check the virtual exhibitor booth at a later time if you come across a full booth. Make sure to turn on your camera and interact with the recruiters! This is your turn to SHINE!

Joining Virtual Workshops

Our four, 50 minutes workshop sessions will be hosted from 1:10 PM to 5:00 PM PDT. Pages for workshop sessions are found from 18 - 36. We encourage having a list of workshops you plan to attend as popular workshops may fill quickly. We also encourage reading the descriptions before attending the workshop!

Please be mindful of the professionals and other attendees by staying muted throughout the workshop unless asked to unmute. Misconduct during the workshop may result in removal from the workshop as they are monitored by our Workshop Moderators.

Logistics and Troubleshooting

Most virtual booths for the Pre-Health Fair are being held over Zoom; however, some will be using WebEx, Google Meet, or Microsoft Teams. All workshop sessions will be held over Zoom. Please note that the platforms may require you to enter your contact information, download their app, or be logged in.

Having trouble with a link? Try the following:

1. Download the program
2. Use Google Chrome or Internet Explorer as your web browser
3. Copy and paste the link into your browser and ensure there are no accidental spaces

Honored to be #11 in America for primary care training

At UC Davis Health we foster innovative education, shape community leaders, and cultivate the next generation of physicians who reflect the rich diversity of our world.

As one of the nation’s top schools for primary care training as ranked by *U.S. News & World Report*, we’re honored to offer students an extraordinary breadth and depth of expertise to help brilliant minds pioneer ahead.

With a national reputation for research, a strong commitment to underserved communities and a passion for patient-centered care, we’re transforming health throughout the region and beyond.

Learn more about our student-centered opportunities and how the UC Davis School of Medicine can advance your career.

A snapshot: Taking research to new heights

- Birthplace of EXPLORER, the world's first total-body PET scanner that can capture a 3-D picture of the entire human body at once
- Key contributions to the first drug approved for postpartum depression
- Advancing a new emergency room-based addiction treatment program to help America's opioid epidemic
- First in California for two new robotic surgery systems

Community-Based. Mission-Focused.
The Michigan State University College of Human Medicine ranked sixth of 141 U.S. medical schools for our overall social mission of graduating MDs from minority backgrounds, who practice in primary care or who work in underserved areas. As the nation's pioneer community-based medical school, we believe in exposing our students to real world medicine and diverse populations that match today's health challenges. The innovative Shared Discovery Curriculum reflects this philosophy and vision. Our modern approach to medical education is both student- and patient-centered, rapidly immersing students in real clinical environments and providing an authentic trajectory of responsibility across the entire experience.

LEARN MORE AT MDadmissions.MSU.EDU

TOP 10 In Social Mission
All About MD/PhD

Unsure about whether you want to pursue a career in research or medicine? Attend to learn how to become a physician-scientist! Learn about what a physician-scientist does, the career of an MD/PhD, the experiences needed, the application process, and more!

**Speaker:** Nancy Schwartz, PhD (University of Chicago)

All About PharmD Panel

Pharmacists hold a great responsibility in our healthcare system. This workshop aims to give you a chance to connect with a panel of pharmacists who comes from various background such as research in pharmacy, working in a hospital or clinic.

**Speakers:** Kari Franson, PharmD, PhD, BCPP (USC); Marianne Pop, PharmD, MPH, BCPS (University of Illinois Chicago); Olivia Phung, PharmD (California Northstate University); Dustin Christensen-Grant, PharmD, BCPS (Roseman University of Health Sciences)

Applying for Graduate/Doctorate School: The 3 Key Areas to Highlight!

Planning to apply to graduate or doctorate school? This workshop will show you how to demonstrate yourself as an exceptional candidate when applying! Find your 3 key talking points in your application to maximize your application success.

**Speaker:** Tony Potter (Pacific University)

Becoming a Naturopathic Doctor

Join this workshop where you can learn all about Naturopathic medicine and the rich opportunities it can provide for your career! Learn the steps you can take now to pursue a career as an ND and how to find opportunities to become a better applicant.

**Speaker:** Katie Coleman, ND (Davis Naturopathic Medicine)

Dental School Admissions Panel

Zoom Password: 285879 Webinar ID: 977 2492 4252

Gearing up to apply to dental schools in the coming cycle? Want to know how to make your application stand out? This panel will host members of an admissions team to discuss successful student profiles and the admissions process into their schools.

**Speakers:** Brennan Crilly, MA (UC San Francisco); Stan Constantino (University of the Pacific); William Carroll, DDS, ABGD, FICD, FACD, FAGD (Roseman University of Health Sciences); Jeffrey Turchi, DDS (Western University of Health Sciences); Theresa Davies, PhD (Boston University); Raquel Feres (Boston University); Janet Snoyer (the Mentoring Alliance)

Designing Your Pre-Med Journey with Resources from the Association of American Medical Colleges

Gain knowledge on AAMC tools, resources, and information that can support you as you prepare for the medical school application process. This includes how to get relevant experience, what you need to know about the MCAT exam and AMCAS application, and where to find advice from current med students.

**Speakers:** Brandon Brown, MSEd (AAMC); Antonio Mancuso, MSEd, CSPO (AAMC)

Discovering and Achieving Your Authentic Health Career

Have you ever wondered which of the hot and emerging health careers will align with your passions, values, and goals, and enable you to have the health impact you desire? Come discover a wide variety of healthcare careers, and learn how you can start taking steps towards starting your authentic health journey!

**Speaker:** Jeffrey Oxendine, MBA, MPH (UC Berkeley)

Excelling in Psychological, Social and Biological Foundations of Behavior Section on the MCAT

Crush the MCAT Psychology / Sociology section through valuable tips and strategies shared by The Princeton Review (TPR) test-prep company. Walk away with knowledge on what study resources to use, the timeline for success, and resources provided by TPR.

**Speaker:** Taylor Pratt (The Princeton Review)
Health and Veterinary Sciences

Improve the health and wellbeing of people and animals across the world. At the University of Melbourne, you’ll combine hands-on experience and clinical training with access to our world-leading research, facilities and industry partnerships. You’ll graduate with an accredited degree, an established network and all the tools you need to be a leader in your field.

Find out more: go.unimelb.edu.au/3g5i
Find out more: go.unimelb.edu.au/6y86

Faculty of Medicine, Dentistry and Health Sciences
- Choose from 27 health related disciplines taught by experts with close ties to industry partners.
- Study in the heart of the Melbourne Biomedical Precinct, the largest in the southern hemisphere.
- Extensive partnerships with hospitals and research institutes in Australia and overseas.
- State-of-the-art facilities providing hands-on and practical experiences.
- Access to vast career opportunities through courses accredited by professional bodies.

Faculty of Veterinary and Agricultural Sciences
- Get hands-on clinical training in small and production animals, equine and wildlife.
- State-of-the-art hospital and teaching facilities, including the U-Vet Werribee Animal Hospital and the Goulburn Valley Equine Hospital.
- Tailor your studies to match your interests.

The Melbourne Veterinary School is accredited by:
- The American Veterinary Medical Association (AVMA)
- The Australasian Veterinary Boards Council (AVBC)
- The Royal College of Veterinary Surgeons (RCVS)

#1 in Australia
#33 in the world*
#7 in graduate employability worldwide
#11 globally for clinical, pre-clinical and health*
#18 globally for veterinary sciences

Finding Global Health Opportunities Panel

Is there more you want to offer to the health world? Consider the immense global health opportunities there are for you and your health-related passions! This panel will answer your questions about working abroad career opportunities that can broaden your global health perspective.

Speakers: Carinne Brody, MPH, MA, DrPH (Touro University); Rebecca Greene, CPNP (Child Family Health International); Eri Togami, DVM, MPH (World Health Organization)

GRE Prep Workshop

The GRE is required for many health professions including DVM, PA, NP, OT, PT, and many other programs. Learn the ins and outs of registering for, preparing for, and taking this test. Explore what makes this basic reading comprehension and high school algebra/geometry test so complicated.

Speaker: Douglas McLemore (UC Davis Health Professions Advising)

Health Equity in Medical Education

Dismissal of health inequities can further perpetuate health disparities and negatively impact patient outcomes. During times of a diversifying patient population, this workshop underlines the methods for incorporating health equity in medical education to better support patient populations!

Speakers: Tina Mason, MD, MPH, FACOG (faculty at Touro University, California); Maria Rosario Araneta, PhD, MPH (faculty at UC San Diego); Flavia Nobay, MD (faculty at University of Rochester); Luis R. Castellanos, MD, MPH (faculty at UC San Diego)

How to Ace your Medical School Application

Learn expert tips and strategies for creating an exceptional medical school application through this interactive workshop. We will outline the details for building an outstanding personal statement and top it off with an expert examples and demonstrations so you can also ace your applications!

Speaker: Meng Yang, PhD (BeMo Academic Consulting)

Master of Public Health Admissions Panel

Planning to go into global health, healthcare, and/or epidemiology through a Master of Public Health (MPH) degree? Maximize your application success for MPH schools by attending this panel and gain valuable insight on programs’ requirements.

Speakers: Zachary Maggio, PhD (NYU); Michelle Azurin, MPH (UC Berkeley); Jaime Allen, MEd (UC Davis Department of Public Health Sciences); Elizabeth Francese, BA (Columbia University)

Military Medicine Pathways, Adventures, and Opportunities

The Military Medicine path is both rewarding and exciting for future doctors looking to serve the country and travel the world. Join this workshop where you can learn about America’s Military Medical School, the HPSP scholarship, and other military medical pathways to decide if this is the right path for you!

Speakers: Robert Liotta, MD (Uniformed Services University of the Health Sciences); Staff Sergeant Ronnie Rivas (US Army)

Mock Clinical Case Studies: Occupational Therapy

Do you ever wonder what kind of scenarios you may encounter in the Occupational Therapy profession? In this workshop, you will obtain deeper knowledge about this career and learn valuable skill sets for direct patient interactions through mock scenarios.

Speaker: Amber Bennett, OTD, OTR/L (USC Chan Division of Occupational Science and Occupational Therapy)
Non-Clinical Careers in Veterinary Medicine Panel

What can you do with a veterinary medicine degree outside of the clinic? Learn from professionals about a variety of non-clinical career paths in veterinary medicine, including specific areas such as government, research, academia, industry and non-profit.

**Speakers:** Christina Tran, DVM (The University of Arizona); Cara Williams, DVM (The University of Arizona); Cherice Roth, DVM (The University of Arizona)

Pre-Health Leadership in Times of COVID

Living through a global pandemic as a pre-health student is tough. Hear from the Founder and CEO of Pre-Health Shadowing, a student-led, nonprofit organization with over 35,000 students who are creating their own opportunities to accomplish their goals. Learn what it takes to become a health leader!

**Speaker:** Nina Bouzamondo-Bernstein (Pre-Health Shadowing)

Research as Part of Your Dental School Education

Curious to learn about research opportunities in dental school? Are you considering research either before or as a part of your dental school education? Join program administrator from UCSF to gain more knowledge on pursuing the dual degrees of DDS and PhD.

**Speaker:** Roger Mraz (UC San Francisco)

Routes to Nursing: ABSN vs ELMSN

Interested in nursing but confused about the different paths? This workshop will explore the differences in Accelerated Bachelors of Science in Nursing (ABSN) and Entry-Level Masters of Science in Nursing (ELMSN) programs. Come see which pathway could be right for you!

**Speaker:** Shana Ruggenberg, EdD, RNC-OB, CNS, CNE (UC Davis Betty Irene Moore School of Nursing)

The Grass is Greener on the Medical Side

Join this workshop to 1) review the components of cannabis and their effects on the human body, 2) analyze the benefits of cannabis for different neurologic and psychiatric disorders, 3) evaluate potential adverse effects of cannabis, and 4) describe the pharmacist’s role in medical cannabis therapy.

**Speaker:** Emily Leppien, PharmD, BCPS, BCPP (Binghamton University)

The Top 6 Myths About the MCAT

Do you hear conflicting information about what to memorize for the MCAT? Is content review more important or studying prep books? How does one prepare for this important step of your medical school application? Get your questions answered when you join us to learn the top 6 myths about the MCAT!

**Speaker:** Petros Minasi (Kaplan)

What is CLS and How to Apply

Clinical Lab Science combines innovative medicine and clinical research to provide important information about scientific testing, disease diagnoses, and clinical treatments. Come and hear about this unique route, and learn more about what it takes to become CLS-certified through renowned programs.

**Speakers:** Sharon McGoldrick MEd, CLS (UC Davis Betty Irene Moore School of Nursing); Erica Padilla, MBA, CLS, MT (Sutter Health)

Why Study Integrative Medicine and Health?

Curious about the integration of scientifically supported healthcare practices (acupuncture, naturopathy, nutritional therapies) with biomedical healthcare practices? Learn how practices provide a comprehensive approach to therapeutic treatment and to the promotion of health.

**Speaker:** Hakima Amri, PhD (Georgetown University)

THE TOP 6 MYTHS ABOUT THE MCAT
1:00 PM PT
We’ll debunk myths and help you avoid common pitfalls.

ACTIVATING YOUR CHEM/PHYS POTENTIAL ON THE MCAT
2:00 PM PT
Be ready to ace chem/phys with our expert tips.

CLARIFYING CARS ON THE MCAT
3:00 PM PT
Pick up strategies to answer the toughest CARS questions.

DECODING BIO/BIOCHEM ON THE MCAT
4:00 PM PT
Nail each bio/biochem question type with our advice.

DAT AND OAT: TACKLING THE SCIENCE
1:00 PM PT
Walk through science-based questions with an expert.

CONQUERING THE DAT’S PERCEPTUAL ABILITY TEST
2:00 PM PT
Learn how to face the challenge of the perceptual ability test.

A Day in the Life of a Nurse Practitioner

Still wondering if you want to pursue Nursing? Come join us to explore your career options in Nursing. Discover what a regular day of a Nurse Practitioner (NP) looks like and learn different pathways to become a NP.

**Speaker:** Elizabeth Rice, PhD, PMHNP-BC, RN (UC Davis Betty Irene Moore School of Nursing)

Activating your Chem/Phys Potential on the MCAT

The MCAT as a whole can be stressful and some may find particular sections more challenging than others. Learn some strategies to prepare and perform your best on the Chemistry/Physics sections of the MCAT.

**Speaker:** Aeri Kim, PhD (Kaplan)

All About Nutritionists & Dietetics

What exactly does a nutritionist do? Come learn about how dietetics help patients develop healthy relationships with food, how this career differs from other healthcare professions, and ultimately, the process to becoming a dietitian yourself.

**Speaker:** Christina Badaracco, MPH, RD, LDN (Avalere Health)

All About PAs

Did you know that the physician assistant profession is projected to be one of the fastest growing careers in healthcare? Want to learn how you can also join this field? Come to the PA workshop to hear from a current PA student about the scope of the profession and their journey to PA school.

**Speaker:** Rebecca DePalma, PA-S (Pacific University)

All About Podiatry - Student Perspectives

Are you interested in sports medicine and surgery? Come hear directly from current podiatry students who have been in your shoes just years prior! Hear from their amazing experiences in podiatry school and see if this field is right for you!

**Speakers:** David Green (American Association of Colleges of Podiatric Medicine); Jaime Feliciano; Carly Goehring; Ashley-May Masa; Sebastian Studnicka

All About Speech-Language Pathology

Speech-language pathologists work with people of all ages, and they treat many types of communication and swallowing problems. This workshop will provide you with more insights of how speech-language pathologists interact with patients and steps to becoming a SLP.

**Speaker:** Benjamin Reece, MS, CCC-SLP

Apply Smarter to Veterinary School

What does it mean to Apply Smarter to veterinary school? Narrow your target list of schools. Not only can you increase your chances of getting in, but you’ll also save tens to hundreds of thousands of dollars with respect to student loans.

**Speaker:** Tony Bartels, DVM, MBA (VIN Foundation)

Careers in Dentistry

There is more to Dentistry than what meets the “tooth.” Attend this workshop to explore career paths and experiences of professionals within Dentistry, and find out if this is a career you would like to pursue further!

**Speakers:** Hana Rashid, DDS (Beautiful Smiles Dentistry); Soroush Ghaffarpour, DDS (University of the Pacific); William Carroll, DDS, ABGD, FICD, FACD, FAGD (Roseman University of Health Sciences)

Careers in Public Health Panel

Interested in health policy, biostatistics, and epidemiology but unsure about what it’s like to work in these fields? This panel led by professionals in the public health field will highlight the many career options you can pursue!

**Speakers:** Carinne Brody, MPH, MA, DrPH (Touro University, California); Elena Lingas, DrPh, MPH (Touro University, California); Quin Hussey, MPH; Emer Braddock, MPH

Careers in Veterinary Medicine: Learn from a Ross Alum!

Come learn about a Ross Univ. alum’s journey to and through veterinary school and the transition to the workforce as a DVM. Hear about the variety of career paths you can pursue as a veterinarian and learn more about how to become a DVM and the job opportunities after graduation!

**Speakers:** Kanwarjit Boparai, DVM; Philip Jaraslow, MBA (Ross University School of Veterinary Medicine)
OUR SCHOOL BUILDS YOUR CONFIDENCE.
YOUR P.A. OR R.N. DEGREE WILL CHANGE LIVES.

Whether you seek a career as a physician assistant or a nurse, the Betty Irene Moore School of Nursing at UC Davis prepares you to be a successful clinician and leader.

As one of the only graduate schools committed to activating change where it’s needed the most, we go beyond clinical education with programs that elevate your ability, confidence and vision to become a new type of health care leader.

We need students like you — who seek a greater impact in health and believe in better.

What makes our programs different:

- Emphasis on leadership
- Dedication to inclusiveness
- Leader in simulation learning
- State-of-the-art facilities
- School-coordinated clinical placements
- No GRE or GMAT required

Learn how you can grow and go beyond today at nursing.ucdavis.edu/prehealth.
Choosing Hands-On Experiences: Panel of Allied Health Professions

What is an allied health profession? This panel will feature Chiropractic, Prosthetics and Orthotics, Hospice, Dental Assistant, and Physician Assistant professionals. Learn about what these careers are and the pathway that these professionals took to get there!

Speakers: Gregory Snow, DC (Palmer College of Chiropractic); Michael S. Ginzburg (UC Davis Health); David Howell (VITAS Healthcare); Phil Emond, MS, PA-C (UC Davis Betty Irene Moore School of Nursing)

Clinical and Translational Research: Harnessing Clinically-informed Discovery Science to Improve Human Health

This workshop defines Clinical and Translational Science as a field of scientific inquiry & describes how a degree in clinical research (CLR) can serve as a bridge to other graduate and doctoral degrees as well as other health care professional opportunities.

Speaker: Janice Gabrilove, MD, FACP (Icahn School of Medicine at Mount Sinai)

Creating Your School List

Calling all Pre-Meds, Pre-Dents, and Pre-Vets! Come learn some strategic ways to select schools to apply to. From understanding problem-based learning to how to gather the information about the schools, we’ll talk about creating your school list from A-Z.

Speaker: Joanne Snapp, MSEd (My Honest Advisor)

Deconstructing Myths in Veterinary Medical School Admissions: Perspectives from Three Veterinary Colleges

Attend this workshop to see high-level overviews of the DVM admission processes with respect to social justice and accountability. Presenters will discuss the pitfalls that applicants may fall into and how to overcome barriers they may encounter. Both advisors and students are encouraged to attend.

Speakers: Jacque Pelzer, DVM (Virginia-Maryland College of Veterinary Medicine); Jim Weisman, DVM (Purdue University); Hilda Abreu-Mejia, MS, PhD (Michigan State University)

DO-PhD Physician Scientists Training

The Michigan State University College of Osteopathic Medicine offers a combined D.O and Ph.D program for students interested in research and academics. Engage with current students and faculty about course planning, college culture, and reasons to join the MSUCOM DO-Physician Scientist Program.

Speaker: Craig Boyd (Michigan State University College of Osteopathic Medicine)

Exploring Health Professions

Healthcare career compasses a broad range of careers. Unsure of where to start searching. Join professionals from ND, PharmD, MPH, DVM, PT, and PA-C degrees. and discover where your interests may lie!

Speakers: Katie Coleman, ND (Davis Naturopathic Medicine); Marianne Pop, PharmD, MPH, BCPS (University of Illinois Chicago); Christina Tran, DVM (The University of Arizona); Angela Mendoza, DPT (Kaiser Permanente); Gloria Cheng, PA-C (Sutter Pacific Medical)
Exploring Physical Therapy and Occupational Therapy Panel

Are you looking for a career where you can be more hands on with your patients? Interested in a career in therapeutics but unsure which career field is for you? Come learn about physical therapy and occupational therapy along with how to take the necessary steps in pursuing both careers!

**Speakers:** Amber Bennett, OTD, OTR/L (USC Chan Division of Occupational Science and Occupational Therapy); Christina Gomez, PT, DPT, OCS, SCS, FAAOMPT, CSCS (Western University of Health Sciences)

Medical School Admissions Panel

Have burning questions about the path towards medicine? Curious about the nuts and bolts of the admissions process? Join our panel with the admissions representatives themselves. The Medical School Admissions Panel is here to answer your many queries to ensure your journey remains clear and bright.

**Speakers:** Flavia Nobay, MD (University of Rochester); Iris Gibbs, MD, FACP, FASTRO (Stanford University); Ellie Matthews (Idaho College of Osteopathic Medicine); Meghan Woodham, MPA (Alabama College of Osteopathic Medicine); Michael Ellison, EdD (Rosalind Franklin University of Medicine and Science)

Mock Interview Practice (MMI Style)

Interviews are an important and often necessary step in the application process to health professional programs. Attendees will have the opportunity to practice mock questions and receive feedback from interviewers. Please note space is limited and on a first come first serve basis.

Nursing Exam Prep (TEAS/HESI A²)

Applying to a BSN program? There is a good chance you need to take the TEAS or the HESI A². Find out the ins and outs of registering for, preparing for, and taking these two tests. Explore the similarities and differences between them with an eye towards being ready for both should the need arise.

**Speaker:** Douglas McLemore (UC Davis Health Professions Advising)

Optometry School Admissions Panel

Planning to apply to optometry school and have questions about the admissions process? Interested in learning more about what optometry schools has to offer you? This panel is a great place to have all your questions answered and aid your path to success!

**Speakers:** Essence Johnson, OD, FAAO (Black EyeCare Perspective PreOptometry Club (BEPOPC)); Serena Sukhija, OD FAAO (Western University of Health Sciences); Mika Moy, OD, FAAO (UC Berkeley); Christina LaChance (New England College of Optometry); Caitlin Biddulph (Pacific University)

Postbac Programs Demystified - Georgetown University

Considering participating in a postbac program? Hear directly from Georgetown University representatives about the various postbac programs, what program would be a good fit for you, and how to apply to ones offered by Georgetown University.

**Speaker:** Jennifer Whitney, PhD (Georgetown University)

Stress as a Healing Tool?

Career stress. School stress. Life stress. It’s all inevitable. But how we handle it can be in our power. Join AANMC’s Dr. Yanez for a talk on how you can mitigate the impact stress has on your life and learn about stress management strategies.

*Pro tip - it may even prevent burnout.

**Speaker:** JoAnn Yanez, ND, MPH, CAE (Association of Accredited Naturopathic Medical Colleges)

The Future of Sports Science: Advancing Human Performance Through Innovation and Technology

With advances in technology and research, data collection and research capabilities have moved outside the lab and into the training environment, offering a more ecological look into human performance. Interdisciplinary performance teams must now decipher which outcomes to measure and tools to use.

**Speaker:** Matt Darnell, PhD, RD, CSSD, SCCC
Welcoming the Third Cohort in January 2023
Applications for the 2023 Cohort will open April 1, 2022

12 Science Courses (3 each quarter)
MCAT Prep Seminar (1 unit each quarter)
Support Seminar (1 unit each quarter)
Reinforcement Courses (Chemistry, Organic Chemistry or Physics available if students need one course replacement)

After the completion of coursework, we provide wrap around advising services.

MCAT Exam in January
Application Preparation

For more information, visit us online: hpa.ucdavis.edu/postbac

Our unique four quarter program is designed for individuals pursuing any health profession. It starts each January and ends in December, so you can take a full year’s worth of coursework, prepare for the test and have the training to secure a full-time position during your application year.

Individualized academic advising; a comprehensive, in-house test preparation program for MCAT, GRE, and DAT prep; and an application strategy that aligns with your specific needs.

hpa.ucdavis.edu/postbac
postbac@ucdavis.edu
530-752-7824
UC Davis Health Professions Post-Bac Program
Workshop Session 3
3:10 PM - 4:00 PM (PDT)

All About Post-Bacc Programs Panel

In recent years, increasing numbers of pre-health students are choosing to attend post-bacc programs. But what exactly is a post-bacc program? Come join us to learn all about them and to see if a post-bacc program is the right choice for you!

**Speakers:** Cassidy Kays (UC Davis School of Medicine); Tiffani Quan, PhD (UC Berkeley); Bryelle McRay (UC Davis Health Professions Post-Baccalaureate Program); William Hahn, PhD (George Mason University)

Alternative Pathways to Medicine and Clinical Care

The workshop will center around the benefits of additional/alternative pathways to practicing medicine, degrees that are clinically related and additional professional alternatives that are healthcare related.

**Speaker:** Brian Nickerson, PhD, JD (Icahn School of Medicine at Mount Sinai)

Alternatives to US Medical Schools: How to Make the Right Choice

The US medical school application process is competitive leaving the majority without a seat. There are alternatives so the dream of becoming a physician can remain alive. Learn more about the alternatives to US medical schools.

**Speaker:** Elise Froistad, MA (Trinity School of Medicine)

Applying as an International Student

Applying as an international student can be daunting and accompanies a lot of challenges. Not sure where to begin? Feeling stuck in the middle of the application process? Fret not! Attend to learn more about application process centered around international students.

**Speaker:** Chris Hobson (Royal Veterinary College, University of London)

Athletic Training: The Move to Graduate School

Athletic trainers provide injury prevention, emergent care, and rehabilitation of injuries for athletes and physically active people. Athletic training education has moved to the master’s degree level. Join to learn about a career in athletic training and athletic training education possibilities.

**Speaker:** Justin Rigby, PhD, LAT ATC (Univeristy of Utah Health)

Becoming a Vet and Beyond

Learn more about pathways to becoming a veterinarian within and outside the USA, including how veterinary programs and curricula differ. We will include some of the amazing career options available after veterinary school because it’s not all stethoscopes and scrubs.

**Speaker:** Eloise Jillings, BVSc, MVS (Massey University School of Veterinary Science)

Careers as Chiropractor

What is a chiropractor, and what do they do? This workshop will provide you a glimpse into the life of a chiropractor and information about all of the possible pathways one can take within this career! Join chiropractor Dr. Gregory Snow to hear from his insights working in this rewarding and diverse field.

**Speaker:** Gregory Snow, DC (Palmer College of Chiropractic)

Careers in Nursing

Interested in nursing but unsure about what routes the field has to offer? Come join Dr. Elizabeth Rice from the Betty Irene Moore School of Nursing at UC Davis as we discuss the countless careers nursing has to offer and which would be right for your future!

**Speaker:** Elizabeth Rice, PhD, PMHNP-BC, RN (Betty Irene Moore School of Nursing at UC Davis)

CASPer 101: Preparing for Situational Judgement Tests

Gain some insight on the CASPer test from Dr. Lior Krimus of PrepMatch and Laura Turner of the Health Professional Student Association. Learn what it is, how it’s scored and used in admissions, and strategies to prepare using free resources.

**Speaker:** Laura Turner (Health Professional Student Association)

Clarifying CARS on the MCAT

Critical Analysis and Reasoning Skills (CARS) are important in any and all fields of science. Wondering how you are being tested through CARS? We will discuss some test-taking skills that can be developed and improved upon to perform well in this section of the MCAT.

**Speaker:** John Linick (Kaplan)
DAT/OAT Test Prep Workshop

Future DDS and OD school students need to take the DAT and OAT, respectively. But the DAT and the OAT are essentially the same test. See the ins and outs of registering for, preparing for, and taking these two tests. Explore the structure of these tests and look at their differences between.

**Speaker:** Douglas McLemore (UC Davis Health Professions Advising)

Exploring Medicine

Join us to meet medical health professionals from Naturopathic Medicine, Chiropractic Medicine, Podiatric Medicine, and Allopathic Medicine. Come learn about the various avenues and career paths within medicine, and take a step towards finding your place in the field.

**Speakers:** Katie Coleman, ND (Davis Naturopathic Medicine); Loree Pinnavaia, DC (Palmer College of Chiropractic); Leticia Rolón, MD (UC San Francisco); Tim Dutra, DPM (Samuel Merritt University)

Exploring Nurse Practitioner and Physician Assistant

Interested in becoming a Nurse Practitioner or Physician Assistant? Join this workshop where you can learn about the two professions, their application cycles, and day-in the life, and decide which one may be better suited for you!

**Speakers:** Rebecca DePalma, PA-S (Pacific University); Phil Emond, MS, PA-C, DFAAPA (Betty Irene Moore School of Nursing); Susan Adams, PhD, RN, NP, CNS (UC Davis Health)

Guess Who? Panel

Think you can correctly match the profession to the professional? Put your career knowledge, assumptions and expectations to the test at this fun “Guess Who?” panel! Through this workshop, you can understand the differences between the health professions and which one will be most rewarding for you!

**Speaker:** Mandy Nau (American Association of Colleges of Podiatric Medicine)

How to Gain Legitimate Clinical Shadowing Online

Due to HIPAA requirements and increasing pressure on doctors, as well as the time/expense of traveling to clinical locations, it has become increasingly difficult for pre-health students to gain clinical shadowing, much less clinical engagement. Join us to learn more about shadowing online!

**Speakers:** Janet Snoyer (The Mentoring Alliance), Robert Humbracht (Passport Admissions)

How to Get a 99th Percentile Score on MCAT

Join Ken Tao, MedSchoolCoach’s world-renowned MCAT expert as he takes you through How to Score 99th Percentile on MCAT. In this webinar, you will learn: Strategies for achieving a high score, go-to study tips for every section, and how to identify the best MCAT resource for your goals.

**Speaker:** Ken Tao, BA, BS (MedSchoolCoach)

Integrating Nutrition into Healthcare

Come learn about the addition of nutrition in today’s healthcare and its importance on patient populations. Professionals will share how they incorporate nutrition into their practices. Ask questions about how nutrition is more fundamental now more than ever.

**Speakers:** Christina Badaracco, MPH, RD, LDN (Avalere Health); JoAnn Yanez, ND, MPH, CAE (Association of Accredited Naturopathic Medical Colleges); Angela Mendoza, DPT (Kaiser Permanente); Gloria Cheng, PA-C (Sutter Pacific Medical)

Making the Most of Your Veterinary Clinical Experience

Join to learn the importance of gaining clinical experience prior to applying to veterinary school! Students will learn tips and strategies for what experiences to pursue and how to maximize clinical experiences.

**Speaker:** Christina Tran, DVM (The University of Arizona)

Medical School (DO) Admissions: Case Studies in Selectivity and Options

Medical school (specifically DO) admissions is highly competitive and becoming more so each year. This presentation will discuss 3 to 4, real life, applications and how they were reviewed by the faculty committee. We’ll ask our attendees to weigh in (admit/deny/alt?) before we discuss each case.

**Speakers:** Alberto Nunez (Western University of Health Sciences), Chris Calzada (Western University of Health Sciences)
Medical School Diversity: Perspectives from Current Doctor of Osteopathic Medicine Students

When thinking of a medical school to attend, diversity and inclusivity are two important factors you should consider. Bring your questions for current students at the University of the Incarnate Word School of Osteopathic Medicine, one of the most diverse medical schools in the country.

Speaker: Linda Solis, PhD (University of the Incarnate Word School of Osteopathic Medicine); Brandon O’Connor (OMS II Learners); Oluwafisayo Jejelowo (OMS II Learners); Celina Salcido (OMS II Learners); Sarah Pearose (University of the Incarnate Word School of Osteopathic Medicine)

Mock Clinical Case Studies Osteopathic Medicine

What are some cases that osteopathic doctors see on a day-to-day basis? Come join this workshop to hear about different cases and learn about the approach doctors take to help their patients, and decide if this is a field that you see yourself working in the future!

Speaker: Craig Boyd (Michigan State University College of Osteopathic Medicine)

Pharmacy Admissions Panel

As a pre-pharmacy student, navigating pharmacy school admissions can be difficult, especially when it comes to standing out as a potential candidate. Gain advices from different admissions faculty on how to best portray yourself on applications.

Speakers: Joel Gonzales (UC San Francisco); Michael Dietrich, PharmD, BCPS, FAzPA (Midwestern University College of Pharmacy); Dustin Christensen-Grant, PharmD, BCPS (Roseman University of Health Sciences); Taryn Hayes, MPA (Virginia Commonwealth University, School of Pharmacy)

Podiatry Admissions Panel

Interested in podiatry but unsure how to get started? This panel may be for you! Explore the requirements and qualities that can make you a strong applicant for podiatry school. Discover useful tips and learn about various podiatry schools from the admissions representatives themselves!

Speakers: SSusan Huggins (Temple University School of Podiatric Medicine); Mark Bottorff, MEd (Western University of Health Sciences); Tanya Thoms, DPM (Midwestern University); David Tran, DPM, MS (Samuel Merritt University)

Pre-Health Guide for Transfer Students

Description: As a transfer student, navigating the pre-health path can be a daunting task, and it is easy to be overwhelmed with keeping track of prerequisites, experiences, and application timelines. Join us in this informative session on how to effectively plan your pre-health pathway as a transfer student!

Speaker: Joanne Snapp MSEd (My Honest Advisor)

Pre-Health Management Tool Walkthrough

Set yourself up for success by joining Kristine Cather from The Princeton Review, for a walk-through of our free Premed Management Tool. We will share how to organize your activities and experiences so you are better prepared to key in your application and better articulate your competencies.

Speaker: Kristine Cather (Princeton Review)

The Medical School Application Process: Perspective from Medical Students

The medical school application may seem daunting, but there are many success stories! Be in the mind of someone who was once in your shoes as an undergraduate student preparing for applications, and discover how your path may relate to someone who has made it through the difficult journey.

Speakers: Paul Tominez (MS1 at UC San Francisco) and Nick Okawa (OMS1 Touro University California and MPH candidate)
Applying to Medical School?

**Workshop Session 4**
4:10 PM - 5:00 PM (PDT)

---

**All About the Reapplication Process**

The thought of reapplying to medical schools can seem disheartening and frankly undesirable. However, your first cycle's admission decision doesn't have to be your last. Through this workshop, learn how you can maximize your admission chances and create an exceptional application as a reapplicant.

**Speaker:** Renee Marinelli, MD (MedSchoolCoach)

---

**All About Academic Medicine**

There are many aspects of medicine, including direct interaction with patients, research, and instruction. Hear from an academic physician regarding how their career helps push forward the boundaries of medical knowledge and educates the next generation of physicians.

**Speaker:** Pamela Williams, MD, FFAFP, Col, USAF, MC (Uniformed Services University of the Health Sciences)

---

**Am I Ready to Apply to Medical Schools in May 2022?**

Planning on applying to Medical School during the May 2022 cycle? How do you know if you are ready? Attend this workshop to gain insight on what programs look for and how to make your application the very best it can be.

**Speaker:** James Scott Wright, EdD (Mappd)

---

**Decoding Bio/BioChem on the MCAT**

All pre-med students take undergraduate courses in Biology and Biochemistry to prepare themselves for medical school. Learn about potential topics that can appear on the MCAT and take home some valuable study strategies for this section on the exam.

**Speaker:** Nzinga Mack (Kaplan)

---

**Diversity in Healthcare**

Having a healthcare team that reflects the patient populations they serve is important to increase equity and reduce health disparities. Learn from our speakers on how they have navigated their journeys in healthcare and how your future role as a health care provider can be a part of empowering diverse communities.

**Speaker:** Juana Ferrerosa, PhD, MSN, PHN, RN (Charles R. Drew Univeristy), Mariles Rosario, MD (Charles R. Drew University), Sheila Young, MD (Charles R. Drew University)

---

**Global Health: What Students Need to Know to Engage Ethically and Build Their Resume**

Learn about the do’s and don’ts of global health experiences, how to approach these experiences ethically and sustainably, and how to build your resume through virtual or place-based global health programs. CFHI is an award-winning nonprofit organization recognized for ethical best practices in global health.

**Speakers:** Jenny Samaan, PhD (Child Family Health International)

---

**Introduction to Naturopathic Medicine**

Join the Association of Accredited Naturopathic Medical Colleges (AANMC) workshop to learn from the Executive Director about why naturopathic medicine is a growing and rewarding career. Learn what it takes to become an ND, what naturopathic medical school is like, and what career options await!

**Speaker:** JoAnn Yanez, ND, MPH, CAE (Association of Accredited Naturopathic Medical Colleges)

---

**Is a postbacc right for me, and how can Keck Graduate Institute’s Postbaccalaureate Premedical Certificate Program help me?**

This workshop will discuss a brief overview about the different types of postbaccs: career changer, academic enhancer, etc. It will also discuss how students can stand out when applying to these programs as well as how KGI’s PPC Program can help prepare students to become more competitive.

**Speaker:** Elba Munoz, MA (Keck Graduate Institute)

---

**Life as an Optometrist**

We all go to eye care professionals, but how much do we actually know about their lifestyles? Are you interested in joining this field? Attend this workshop to explore a typical day of an optometrist, responsibilities, lifestyle, and all things optometry!

**Speaker:** Dr. Serena Sukhija, OD FAAO (Western University of Health Sciences)

---
Choose
the degrees that will help you reach higher.

Life University’s Doctor of Chiropractic (D.C.) degree is a 14-quarter program that includes three levels of clinical practice. The sequential curriculum combines hands-on training and academic rigor and graduates some of the most highly-skilled chiropractic healthcare practitioners on the planet.

Life University’s also offers three Master’s degree programs within its College of Graduate and Undergraduate Studies, along with an accredited post-baccalaureate program that will prepare the student for careers in a variety of professional fields.

- **The Master’s in Sport Health Science** (established 1990) leads to careers in fields such as sports chiropractic, exercise science, athletic coaching, sports injury management and performance nutrition.

- **The Master’s in Clinical Nutrition** (established 2012) leads to careers in organizations such as physician’s offices, hospitals, schools, health clubs, nursing homes and food companies in areas such as research, development, sales, marketing, public relations and public education.

- **The Master’s in Positive Psychology** (established 2014) leads to careers in research, management and leadership in business organizations, educational institutions and governments, as well as health care.

- **The post-baccalaureate Dietetic Internship program** provides didactic and internship opportunities for students who aspire to achieve Registered Dietitian credentials.

**Office of Admissions**
1269 Barclay Circle  Marietta, GA

LIFE.edu
**Mock Clinical Case Studies CLS**

Clinical Lab Science (CLS) is at the forefront of healthcare and creating innovative treatments. Are you curious about what a Clinical Lab Scientist does? Attend this workshop to obtain deeper knowledge on what a career in CLS really means through several case-studies!

*Speaker: Sharon McGoldrick, MEd, CLS (UC Davis Health)*

---

**Mock Interview Practice (MMI Style)**

Interviews are an important and often necessary step in the application process to health professional programs. Attendees will have the opportunity to practice mock questions and receive feedback from interviewers. Please note space is limited and on a first come first serve basis.

---

**Nursing Program Admissions Panel**

 Unsure about which nursing programs to apply to or what they look for in applicants? Learn about the requirements and qualities that can make you a strong applicant for the programs. Discover useful tips and learn about various nursing programs from the admissions representatives themselves!

*Speakers: Madeline Verzola, MBA (UC Davis Betty Irene Moore School of Nursing); Molly Jackson, DNP, RN, CNP, ACHPN, CNE (Case Western Reserve University); Katie Kennedy, MS (Emory University); Sergio Saenz, MA (UC San Francisco)*

---

**Occupational Therapy Admissions Panel**

Are you planning to become an Occupational Therapist? Be sure to join us on this panel to gain more insight on how to stand out as an applicant! Discover useful information on the application process, admissions pre-requisites and more!

*Speakers: Amber Bennett, OTD, OTR/L (USC Chan Division of Occupational Science and Occupational Therapy); Heather J. Kitching, OTD, OTR/L, FAOTA (California State University, Dominguez Hills); Jerilyn “Gigi” Smith, PhD, OTR/L, FAOTA (San Jose State University); Caroline Umeda, PhD (Dominican University of California); Kelly Brown, M.Ed. (The University of Utah)*

---

**Physician Assistant Admissions Panel**

Planning to become a physician assistant? Want to learn more about the application process and how to stand out as an applicant? If so, join and hear from an admissions team to learn more about what it takes to become a PA, what they look for in an applicant, and get all your questions answered!

*Speakers: Teresa Thetford DHSc, NP, PA-C (UC Davis Betty Irene Moore School of Nursing); Luis Pablo Alvarez (Rosalind Franklin University of Medicine and Science); Geri Horton, BA (Creighton University); Marsha Castillo (Touro University, Nevada)*

---

**The Dental School Application Process: Perspective from a Dental Student**

Gain perspective on your dental school application from someone who was once in your shoes. Join this presentation to hear from someone who has successfully completed the dental school application process!

*Speaker: Fareen Baloch (Class of 2024 Arthur A. Dugoni School of Dentistry)*

---

**The Growing Role of the Pharmacist**

Most of us would think that pharmacy means simply dispensing medications. However, pharmacists play a critical role in the 21st century in which medicine is evolving every minute. Join our panelists to help you gain an understanding of the impact of pharmacists in the patient care process.

*Speakers: Bennett Doughty, PharmD, BCPS, BCPP (Binghamton University, School of Pharmacy and Pharmaceutical Sciences); Amanda Mogul, PharmD, BCACP (Binghamton University, School of Pharmacy and Pharmaceutical Sciences); Rachel Klosko, PharmD (Binghamton University, School of Pharmacy and Pharmaceutical Sciences); Daralyn Morgenson, PharmD, BCPP*

---

**UC Davis Student-Run Clinics**

What are Student-Run Clinics at UC Davis and why should you join as a UC Davis student? This panel will offer great insight into the clinics at UC Davis, including the patient populations they serve, what they look for in applicants, and what purpose they serve in developing a happier and healthier community.

*Speakers: Knights Landing (UC Davis); Imani Clinic (UC Davis); Willow Clinic (UC Davis); Shifa Clinic (UC Davis)
Veterinary Medicine Admissions Panel

Looking to stand out on your vet school applications? This panel offers insight from the admissions staff around the country about the application cycle, tips and tricks to avoid common pitfalls, how to create a strong application, and make an application that shines!

**Speakers:** Philip Jaroslow, MBA (Ross University School of Veterinary Medicine); Eloise Jillings, BVSc, MVS (Massey University School of Veterinary Science); Allen Cannedy, DVM (North Carolina State University, College of Veterinary Medicine); Diana Dabdub (American Association of Veterinary Medical Colleges)

Your Wow Factor: Choosing the Right Pre-Med Activities For You

Not sure about what pre-med activities to participate in? Attend this workshop to learn about various pre-med opportunities, what counts for each of the experience categories, and how many hours are required. Learn how to tailor them to you to stand out in your medical school applications.

**Speaker:** Robert Humbracht (Passport Admissions)

Weeding Out the Myths: Cannabis 101 for Pre-Health Care Providers

The use of cannabis is increasing among US adults, coinciding with increasing data on potential medical uses and a declining perception of risk. This is particularly true in states with permissive cannabis laws. This overview will address the current evidence for using medical cannabis.

**Speaker:** Kari Franson, PharmD, PhD, BCPP (USC School of Pharmacy)

Womxn in Healthcare

Gender gap still persist in the 21th century. This workshop aims to amplify the voices of womxn in healthcare. Featuring speakers from multiple health professions, listen to their experiences, challenges, and future impacts within their fields. Join us to also discuss the current issues womxn are facing as healthcare profession.

**Speakers:** Flavia Nobay, MD (University of Rochester); Tina Mason, MD, MPH, FACOG (Touro University, California); Nancy Schwartz, PhD (University of Chicago); Grace Landel, MEd, PA-C, DFAAPA (Touro University, California)
Located in Iowa’s beautiful capital, Des Moines University offers nine graduate degree programs in medicine and the health sciences. It uniquely combines rigorous curricula with a collaborative, inclusive and engaging culture.

You will benefit from all the advantages DMU offers:

- Caring, expert faculty focused on student success
- A wide variety of research opportunities, dual degree options, interprofessional activities and electives
- Organizations and outreach efforts that let you learn while serving the community
- Experiences that will equip you to become a culturally responsive health leader in our increasingly diverse society

We invite you to participate in DMU’s virtual events to learn more: www.dmu.edu/admission/events

Join us in making history: DMU will move to a brand new, state-of-the-art campus in 2023.
